EDUCATION

Tallahassee, Florida, November 22, 1935.

To the Bishop and Members of the Florida Conference.

We your Committee on Education beg leave to submit this as our report.

From the days of civilization on the Nile River unto this present time, some men have seen the advantages of an education. Moses was learned in the arts and sciences of Egypt. Somehow Job was able to give us in sublime poetical style the mystery of human suffering. Confucius saw the need of teaching his people the great truth of moral law. Mohammed has built up by his teaching a faith that has startled the world.

It is needless for me to tell you of the Greek culture, the Roman law, the French arts and the English literature. The spirit of education has taken the wings of the morning and wafted itself across the surging waters of the Atlantic to the cold bleak shores of New England. Today from Massachusetts to California the cry is Education—the cry not only heard in America but around the world.

The church has heard the echo and has modified them by saying, "Christian education."

What is an Education? Why make so much ado over a subject more than forty centuries old? Mr. Webster says education is the cultivation and training of the mind, the acquisition of importation of knowledge; it is the complete result of mental training along certain lines. One has said that education prepares one for life service, and others have said education is training the mind to obey the will. I would say that education fits one so that he may adjust himself to the conditions about him.

What is Christian education? It is the harmonious development of physical, moral and spiritual natures of man. He recognizes Christ as his great Teacher, and God as his soul's dependence. A person who has a Christian education is an asset and not a liability on the community. We have men and women, boys and girls, with trained hands and minds in our jails, reform schools and penitentiaries. They have an education but not a Christian education. One has said that there are 250,000 young people of college age in college and 280,000 of college age in jail. Thus these criminals have become a liability to their community and commonwealth.

We should teach our boys and girls to seek first the kingdom of God and his righteousness and all other things shall be added unto them. Men like the immortal Lincoln, the missionary David Livingston, and the late philanthropic Wanamaker are true examples of men who put God first and became assets instead of liabilities to their communities and countries. Men like our sainted Bishop Allen, Bishop Payne and

other men of our church and race, have given God first place and thereby rendered untold service to all the people of the country. No man who is not a Christian should be a leader of his people. Abraham, Moses, Saul, David, Solomon, Constantine, Martin Luther, John Wesley, and Richard Allen were first called of God before they became great leaders of their people.

Today fighting the great problems that confront our race, we must have men at the head whose hearts have been touched by the living spirit of God. The A. M. E. Church believes in Christian leadership. The school teacher, the doctor, the lawyer, the mayors of our cities, the governors of our states, the members of legislatures, the members of Congress, the President of the United States, and the judges on the bench should be men who have felt the touch of divine power.

We want our boys and girls to get acquainted with Socrates, Plato, Demosthenes, Homer, Virgil, Tennyson, Milton, and Shakespeare, but first of all we want them to get acquainted with God.

The great Mecca for education in the A. M. E. Church is Wilberforce University. The A. M. E. Church has always taken high ground on the subject of education. We have Kittrell College at Kittrell, N. C., Allen University at Columbia, S. C., Morris Brown University at Atlanta, Ga., our own dear old Edward Waters College at Jacksonville, Fla., Paul Quinn College in Waco, Texas, Shorter College at Little Rock, Ark., and others.

Thousands of dollars have been raised for these institutions because we want our young people to have the advantage of a Christian education.

The ministers and laymen must rally as never before to the cause of Christian education. If we have Christian education God becomes real to us. We can behold him everywhere and in all things.

STATE OF THE CHURCH

Tallahassee, Florida, November, 1935.

To the Bishop, Presiding Elders and Members of the Florida Annual Conference Now Assembled.

We the Committee appointed on the State of the Church beg to submit the following as our report.

The church is Christ's household—the salt and the light of the world, Christ's flock. The church is the symbol of God's presence on the earth and is His dwelling place among men, the foundation of all good societies and it is the world's lighthouse through this dark wilderness. Its members are the branches growing on Christ, the vine.

Great opposition has and is still confronting the church, evils of all

kinds are warring against the church, the very powers of hell attack the church because she is their enemy; but she is built on a sure foundation.

The ministers of the gospel cannot afford to compromise these evils, but with a burning message must cry aloud—

“Jesus the name high over all,
In hell, in earth or sky
Angels and men before Him fall,
And devils fear and fly.”

The A. M. E. Church in Florida is doing reasonably well along all lines. In spite of conditions, souls have been saved, and backsliders reclaimed for Christ. Christ the great Head of the Christian Church said unto Peter, “Feed my lambs, feed my sheep,” and through the inspiration of the sermon delivered by Peter on the day of Pentecost, three thousand souls were converted and added to the church, and were soldiers right away. The God that lived in Peter’s day is the same today.

The world is still looking to the church for salvation. The depression will end when the church goes back to God, and confesses His sovereign power, the Creator of all things and the Judge of all men.

“I love thy Church O! God,
Her walls before thee stand,
Dear as the apple of thine eye.
And graven on thy hand.”

We pray God’s continued blessing upon our good Bishop and his queenly wife, and the members of this Conference.

Humbly submitted,

SAMUEL D. COOPER.

STATE OF THE COUNTRY

Tallahassee, Florida, November 22, 1935.

To the Bishop and Members of the 69th Session of the Florida Annual Conference Now Assembled.

We your Committee on the State of the country submit the following as our report. The country in which we live is called the richest in the world and its intelligence is unexcelled. We are living in a country where there are universities, colleges and public schools whose chief aim is to mold into our lives true citizenship. We are living in a country where there are many churches of all denominations and their object is to cement into our lives the life our Lord Jesus Christ; and yet, with all the universities, schools and churches our country is filled with men who delight in lynching, kidnaping and robbing, and seem to think themselves justified.

We are living in a country where food is being wasted, and men, women and children are starving, cotton and wool in abundance and thousands of people crying for the want of clothes. Thousands of people were supported this year by the NRA., and according to the opinion of the best brain of our country, thousands more will continue to look for aid from the same source.

The cause: There was once a baby born in Bethlehem of Judea, and at his birth a choir was stationed in the clouds and it sang a song to the world, a song of peace and good will. This song of peace was intended to guide the children of men through all generations and all nations of the earth. The nations have forgotten the song, and have relied too much on their own strength. When this condition came about God moved back and the nation began to suffer.

The remedy: Read St. John 15:7, and we will find our way out, it reads thus, "If ye abide in me and my words abide in you, ye shall ask what ye will and it shall be done unto you."

The churches of all the earth must go back to God in sincere prayer and ask God to change conditions; when this is done, the country will be relieved of so much sin, and peace will reign throughout the land.

C. J. REID.

COMMITTEE ON MEMOIRS

Tallahassee, Florida, November 23, 1935.

To the Bishop and Members of the Florida Annual Conference. Greetings.

We your Committee on Memoirs submit the following as our report. Since the last session of our annual Conference death, the great leveler of human greatness has summoned three of our ministers from their earthly labors to their Heavenly reward. We feel that our loss is Heaven's gain. These ministers were stalwart soldiers fighting under the blood-stained banner of Jesus Christ.

Rev. W. N. Mitchel at the time of death had retired from the active service of the ministry on account of poor health. We recommend that Rev. S. P. Roberson speak upon his life and labors. He died at his home in Madison. Rev. M. C. Charles at the time of his death was pastoring Horseshoe Mission. He departed this life in July, 1935. We recommend that Rev. General Dean speak upon his life and labors.

Rev. Paul Walker died November 10, 1935. At the time of his death was pastoring Higher-Antioch, Madison District. We recommend that Rev. I. Twiggs speak upon his life and labors.

Your Committee,

H. E. DANIELS, J. H. RACHARD, G. W. GOINS,
